### Summary

Pursuing MCA with a specialization in Cloud Computing, with hands-on skills in cloud technologies, Android development, web development, and project management. Strong foundation in Java, Python, SQL, PHP, and ASP.NET, with a keen interest in designing scalable cloud solutions. Highly motivated fresher, eager to leverage technical expertise and problem-solving skills to contribute as a Cloud Architect, while remaining open to opportunities in software and web development.

---

### Key Expertise

Java, Python, PHP, ASP.NET, SQL, GCP, Android development, Web development

---

### Education

Parul University	2024 - 2026
M.C.A. - Cloud Computing - PICA   CGPA: 8.25 / 10	
Laxmi Institute of Technology, Sarigam	2021 - 2024
B.Voc. - Software development (Full Time)   CGPA : 8.13 / 10	

---

### Projects

<b>Android Music Player</b>	02 Aug, 2025 - 21 Aug, 2025
-----------------------------	-----------------------------

**Team Size:** 2

**Tech Skills:** Java, XML, Android Studio

**Project Link:** <https://github.com/vishankit20/Bellplay>

Android music player application designed to provide a seamless and feature-rich audio experience. The project's primary goal was to create a hybrid music player that combines local file playback with online music streaming capabilities. The application is built using Java for the core logic and XML for the user interface, following standard Android development practices.
